

You are invited to a
“Healthcare Professionals” virtual Speed Mentoring[®] en Français event
Organized by ACCES Employment and Mississauga Halton French Language Services
Community of Practice

Health and social service providers in the region often struggle to provide linguistically and culturally appropriate services to their diverse Francophone patients and clients because of a lack of bilingual human resources.

ACCES Employment’s [Speed Mentoring[®] en Français](#) program is an innovative solution that creates the opportunity for bilingual future professionals to meet one-on-one with professionals in their sector.

How does it work?

Participants meet one-on-one for 10 minutes, then the mentee moves to the next mentor. Each interaction provides an opportunity for mentors to share information about their organization, networking practices, potential mentorship opportunities, volunteer clinical or internship placements and current hiring practices.

We invite you to join our upcoming event as a mentor:

Wednesday, February 3rd 2021
3:00 p.m. – 5:00 p.m.
Zoom Application

Please register in advance for this event at:
